

It was a bright sunny day in April as the Easter Bunny and helpers came to Willow at the FRRM yard. The Cottontail Express was a huge success with over 900 visitors coming to see the Easter Bunny and partake of the Easter egg hunt.

The MRD trailer was on display in Willow to help entertain the kids. The trailer display will be used at the Museum for future shows, parades, etc.

We had a great deal of help at his event and it was largely due to snowbirds and friends from out of town. Our thanks to all who made it a great day for the kids of all ages.

The Easter Bunny did a lot of work entertaining the kids on all 3 trains! Our special thanks go to Dolly for making this happen.
